

## **Restore Illinois Phase 4 - Return to Play Protocol**

**UPDATED NOVEMBER 2**

Illinois Youth Soccer Association (IYSA) is dedicated to protecting the health and safety of our soccer community. We understand that our member organizations want to get back on the field, but this must be done with strict focus on the safety of the players, coaches, referees and families and follow state and local guidelines for resumption of activities. The purpose of this document is to provide IYSA member soccer organizations and their athletes, parents, and coaches with information that they can use to assist them with developing their return-to-activity programming specific to their situation in context of the COVID-19 pandemic.

On July 29, Governor Pritzker and the Public Health authorities, announced a change to the allowable sports activities. In the July 29 revision, soccer was designated as a “medium risk” sport which allows for trainings and intra-team scrimmages.

**Guidelines for sports are fluid and subject to change at any point based on governmental requirements. Info in the Illinois Youth Soccer guidelines are secondary to all state-issued guidelines and members should reference the state guideline documents below to ensure they are up to date on all current state requirement**

- [Illinois All Sports Policy](#)
- [DCEO All Sport FAQ](#) (See Sports Related Questions)
- [Restore Illinois Phase 4 Youth Sports Guidelines](#)

This Protocol is based on the info from the Illinois Department of Public Health, US Soccer and US Youth Soccer guidelines for soccer organizations, clubs and teams that have reached the Phase 4 of Restore Illinois. It is each soccer organization, club or team’s responsibility to know the guidelines specific to their area. The information in this document is NOT intended or implied to be a substitute for professional medical advice, diagnosis, or treatment. The knowledge and circumstances around COVID-19 are changing constantly and, as such, Illinois Youth Soccer Association makes no representation and assumes no responsibility for the completeness of this information. Further, your organization is expected to strictly comply with the Center for Disease Control (CDC), state and local guidelines for the resumption of play and seek advice from medical professionals and/or public health officials in your area if you have specific questions. Additional guidelines may, or may not, follow as the COVID-19 pandemic continues to evolve.

Although the young and healthy may be subject to less severe cases of COVID-19, every case of this disease is potentially life-altering or deadly, particularly in those with risk factors that may occur within our communities. Health consequences may be long-standing and only apparent weeks after

initial infection and recovery. Until COVID-19 is either eradicated, a vaccine is developed, or a cure is found, there is no way of eliminating the risk of infection. This should always be at the forefront when designing and considering return-to-activity.

## **Indoor Activities**

Until, clearance is given by the State of Illinois, IYSA will not cover any player/team participating in indoor league play or games between teams in an indoor facility. Once clearance to resume indoor games is allowed, the coverage will only be for the indoor leagues/games that are organized and conducted by the IYSA or an IYSA Member League.

IYSA insurance will not cover any participant who is not registered with the IYSA or one of the IYSA Member Leagues and on file with the IYSA.

### **IYSA will only cover an indoor PRACTICE (NO GAMES) if:**

- The Team and all its players and coaches are properly registered with IYSA or one of the IYSA Member Leagues and on file with the IYSA;
- The Team remains static with a maximum of 25 participants\* including athletes, coaches, referees, and spectators. \*Participant number may be less if local laws further restrict the number of participants.
- The team follows the IYSA RTA Protocol and Restore Illinois guidelines;
- All team players, coaches, associated personnel and spectators comply with the state issued mask guidelines

## **Outdoor Activities**

Until competitive games are allowed by the State of Illinois, teams are not permitted to play competitive games against another team in Illinois.

### **IYSA will only cover an outdoor ACTIVITY if:**

- The Team and all its players and coaches are properly registered with an IYSA Member League and on file with the IYSA;
- The Team remains static with a maximum of 25 participants\* including athletes, coaches, referees, and spectators. \*Participant number may be less if local laws further restrict the number of participants
- The team follows the IYSA RTA Protocol and Restore Illinois guidelines;
- All team players, coaches, associated personnel and spectators comply with the state issued mask requirements

### **Criteria for participation in for athletes, coaches and staff:**

- Intra-team scrimmages and training are allowed but limited to 25 players within the team in compliance with all IDPH guidelines.
- Social distancing must be maintained before and after practice and when allowable during training.

- Because of increased activities and exposure risks, any individual with a pre-existing medical conditions is required to provide UPDATED written clearance from a physician for return to full participation.
- Participants must not exhibit any signs or symptoms of COVID-19 within the timeframe required by the Illinois Department of Public Health.
- Participants must not have above normal temperature readings. Anyone with a temperature of 100.4°F or above shall not be permitted to remain on site. If practical before participating in the activity, sport organizer should take participants temperature via a touchless thermometer.
- Upon arrival to training, coaches or staff should ask each athlete if they are experiencing any signs or symptoms of COVID-19. If an athlete has any signs or symptoms of COVID19, the athlete should be sent home and instructed to contact his/her healthcare provider as soon as possible.
- Appropriate infection prevention supplies should be present in multiple targeted areas (e.g., hand sanitizer, facial tissues, facial coverings, hand wash stations, etc.).
- Participants should use their own equipment when possible and properly sanitize the equipment after every training session.
- Participants should use their own water bottle, towel and any other personal hygiene products.
- Establish a cleaning schedule/protocol for equipment with the proper use of disinfectant before, during, and after training.
- Ensure participants are abiding by the State of Illinois' ordinance regarding appropriate personal protective equipment including masks.
- Coaches must maintain social distancing from all participants.
- Players on bench should be spaced out at least 6-feet apart as allowable.
- Maintain an attendance log for every session. Club should keep the attendance log on file for duration of each season for tracing purposes.
- Gatherings should be restricted to 20% of capacity outdoors OR 20% capacity indoors
- Each group (maximum of 25 participants)-should maintain 30 feet between groups.
- It is recommended that spectators should NOT be on site for indoor practices or trainings to limit the amount of people inside. If spectators are allowed organizers should ensure at least 6-ft. between seats occupied by spectators that are not members of the same household or party.
- Everyone must wear a face mask that covers the mouth and nose in accordance with state guidelines.

### **Introduction of Principles and Responsibilities**

#### **Club Responsibilities:**

- Collect from each participant the signed "IYSA Communicable Disease Release of Liability and Assumption of Risk Agreement" PRIOR to every athlete's participation. Keep the executed Agreement for a minimum of seven (7) years and make it available to the IYSA upon request.
- Complete and submit to IYSA prior to the start of activities the "IYSA Organization Communicable Disease Agreement".

- Do not mandate participation - be sensitive and accommodating to parents who may be uncomfortable about returning to activity at this time.
- Anyone who has an underlying health condition should consult with his/her doctor before participating in the activity.
- Create and distribute updated Phase 4 protocols to members prior to the start of activities.
- Communicate insurance information, protocol and responsibilities to the parents prior to initial participation. IYSA does not provide any insurance coverage for Covid-19 related claims.
- Have an effective communication plan in place.
- Identify strategies for working with public health officials to notify adult leaders, youth and their families if the organization becomes aware of a participant or adult leader has developed COVID-19 and may have been infectious to others while at a youth activity.
- Maintain participant confidentiality regarding health status.
- Be sensitive and accommodating to parents who may be uncomfortable with returning to play at this time.
- Have an action plan in place in line with your local health guidelines, in case of notification of a positive test result.
- Anyone who tests positive for Covid-19 must quarantine and follow all state-issued requirements before returning to activity.
- Train and educate all staff on protocols and requirements, including state and local regulations, CDC recommendations and other necessary safety information.
- Be prepared to shut down and stop operations.
- Develop plans for temporary closure of indoor facilities and cancellation of outdoor activities for proper disinfection.
- Provide adequate field space for social distancing.
- Provide hand sanitizing stations and waste receptacles at fields for individual participant use.
- Develop a relationship and a dialogue with local health officials.
- If allowing spectators to watch, create an adequate number of "Family areas". These should be marked boxes for spectators from each family that should be at least 6 feet apart from one another and at least 6 feet off of the sideline. SPECTATORS WITHIN 30 FEET OF TRAINING COUNT AS THE NON-PLAYER COMPONENT OF THE GROUP TOTAL.

#### **Coach Responsibilities:**

- Ensure the health and safety of the participants.
- Ensure players are wearing masks as required by state public health guidelines.
- Inquire how the athletes are feeling. Send home anyone you believe acts or looks ill.
- Follow all state and local health protocols and guidelines.
- Ensure all athletes have their own individual equipment (ball, water, bag etc.)
- Ensure coach is the only person to handle equipment (e.g. cones, disk etc.); do not enlist parental or attendee assistance.
- Coaches should maintain at least 6 feet social distance requirements from players based on state and local health requirements.

- Do not use scrimmage vest or pinnies – Plan ahead for players to wear specific colors or players should be given their own pinnies for the duration of the season
- Have fun, stay positive – players and parents are looking to you for leadership.

### **Parent Responsibilities:**

- Ensure your child is healthy and check your child’s temperature before activities with others.
- Consider not carpooling or very limited carpooling.
- Stay in car or adhere to minimum 6 feet social distance requirement.
- Follow the state orders for wearing a mask.
- Ensure child’s clothing and any club issues pinnies are washed after every training.
- Ensure all equipment (cleats, ball, shin guards etc.) are sanitized before and after every training.
- Notify your club immediately if your child becomes ill for any reason.
- Do not assist your coach with equipment before or after training.
- Be sure your child has necessary sanitizing products with them at every training.
- If the club has set-up a “family area” for you to watch, stay within your designated area.
- When on the sidelines as a spectator, wear a mask that covers your nose and mouth.

### **Players Responsibilities:**

- Take your temperature daily and especially before activities with others.
- Wash hands thoroughly before and after training.
- Bring and use hand sanitizer with you at every training.
- Follow the state orders for wearing a mask.
- Do not touch or share anyone else’s equipment, water, food or bags.
- Practice social distancing, place bags and equipment at least 6 feet apart.
- Wash and sanitize all equipment before and after every training.
- No group celebrations, high-5s, hugs, handshakes, fist-bumps, etc.
- Follow all CDC and IDPH guidelines as well those of your local health authorities.

### **Insurance:**

To be covered by Illinois Youth Soccer (IYSA) insurance during Illinois Restore Phase 4, the IYSA Member club/league must abide by the following requirements:

1. The practice/training/game must be a formal organized activity by an IYSA Member club/league for IYSA Member League players only.
2. The participants including players and coaches must be registered with and have a current, valid pass from the IYSA Member League and must be on file with the IYSA.
3. The Member club/league must have a signed “IYSA Communicable Disease Release of Liability and Assumption of Risk Agreement” on file for each participant including but not limited to the players, coaches, staff, volunteers prior to the start of the first practice/training/game.
4. The IYSA does not provide any insurance coverage for Covid-19 related claims.

5. The practice/training must abide by all the requirements listed in the IYSA Return to Activity Protocol.
6. The IYSA Member club/league must complete and submit to the IYSA prior to its first practice/training/game the “IYSA Organization Communicable Disease Agreement”.
7. Failure to follow the state and local government public health orders, Centers for Disease Control guidelines and IYSA protocol involving COVID-19 or any other communicable disease may void medical and liability coverage for your organization under the IYSA insurance placements.
