

Return to Activity Protocol

Illinois Youth Soccer Association (IYSA) is dedicated to protecting the health and safety of our soccer community. We understand that our member organizations want to get back on the field, but this must be done with strict focus on the safety of the players, coaches, referees and families and follow state and local guidelines for resumption of activities. The purpose of this document is to provide IYSA member soccer organizations and their athletes, parents, and coaches with information that they can use to assist them with developing their return-to-activity programming specific to their situation in context of the COVID-19 pandemic.

Illinois is currently in Restore Illinois Phase 2 in which coaching occurs virtually and all soccer activities remain suspended until a region is designated as Restore Illinois Phase 3. In Phase 3, gatherings of ten (10) or fewer people are allowed as long as capacity and safety precautions are maintained. Face coverings and social distancing are the norm.

Once Phase 3 is approved in Illinois by Governor Pritzker and the Public Health authorities, it may be possible to hold an in-person training that meets social distancing guidelines. However, social distancing should NOT be taken lightly, and all aspects of the training environment must be assessed and modified to identify and reduce the risk of spreading the virus.

This Protocol is based on US Soccer and US Youth Soccer guidelines for soccer organizations, clubs and teams that have reached the [Restore Illinois](#) Phase 3 Recovery, the Public Health Approach to Safely Reopen the State. The information in this document is NOT intended or implied to be a substitute for professional medical advice, diagnosis, or treatment. The knowledge and circumstances around COVID-19 are changing constantly and, as such, Illinois Youth Soccer Association makes no representation and assumes no responsibility for the completeness of this information. Further, your organization is expected to strictly comply with the Center for Disease Control (CDC), state and local guidelines for the resumption of play and seek advice from medical professionals and/or public health officials in your area if you have specific questions. These guidelines address only early phases of return-to-play and additional guidelines may, or may not, follow as the COVID-19 pandemic continues to evolve.

Although the young and healthy may be subject to less severe cases of COVID-19, every case of this disease is potentially life-altering or deadly, particularly in those with risk factors that may occur within our communities. Health consequences may be long-standing and only apparent weeks after initial infection and recovery. Until COVID-19 is either eradicated, a vaccine is developed, or a cure is found, there is no way of eliminating the risk of infection. This should always be at the forefront when designing and considering return-to-activity.

Criteria for participation in permitted small group training sessions for athletes, coaches and staff:

- Sessions must be confined to no more than ten (10) people including the coach.
- All participants must maintain at least a 6 feet distance between each other.
- Small group training sessions should take place outside in an area where social distancing can be maintained.
- Participants must not exhibit any signs or symptoms of COVID-19 in the past 14 days and have no known exposure to someone that has been ill in 14 days.
- Participants must live in training location/community and have not travelled for at least 14 days prior to beginning training/activity.
- Participants must not have above normal temperature readings; temperature checks should not be conducted by staff but by players and their families prior to attending training.
- Upon arrival to training, coaches or staff should ask each athlete if they are experiencing any signs or symptoms of COVID-19. If an athlete has any signs or symptoms of COVID19, the athlete should be sent home and instructed to contact his/her healthcare provider as soon as possible.
- Appropriate infection prevention supplies should be present in multiple targeted areas (e.g., hand sanitizer, facial tissues, facial coverings, hand wash stations, etc.).
- Participants should use their own equipment and properly sanitize the equipment after every training session.
- Participants should use their own water bottle, towel and any other personal hygiene products.
- Avoid any activities that may require direct or indirect contact (e.g. bumping) between athletes.
- Establish a cleaning schedule/protocol for equipment with the proper use of disinfectant before, during, and after training.
- Ensure participants are abiding by the State of Illinois' ordinance regarding appropriate personal protective equipment, (gloves, face mask, etc.) Masks are permitted but not required to be worn by the players during training.
- Coaches must maintain social distancing from all participants.

Introduction of Principles and Responsibilities

Club Responsibilities:

- Collect from each participant the signed "IYSA Communicable Disease Release of Liability and Assumption of Risk Agreement" PRIOR to every athlete's participation. Keep the executed Agreement for a minimum of seven (7) years and make it available to the IYSA upon request.
- Complete and submit to IYSA prior to the start of activities the "IYSA Organization Communicable Disease Agreement".
- Do not mandate participation - be sensitive and accommodating to parents who may be uncomfortable about returning to play at this time.
- Create and distribute protocols to members prior to the start of activities.
- Communicate insurance information, protocol and responsibilities to the parents prior to initial participation. IYSA does not provide any insurance coverage for Covid-19 related claims.

- Have an effective communication plan in place.
- Identify strategies for working with public health officials to notify adult leaders, youth and their families if the organization becomes aware of a participant or adult leader has developed COVID-19 and may have been infectious to others while at a youth activity.
- Maintain participant confidentiality regarding health status.
- Be sensitive and accommodating to parents who may be uncomfortable with returning to play at this time.
- Have an action plan in place, in case of notification of a positive test result.
- Train and educate all staff on protocols and requirements, including state and local regulations, CDC recommendations and other necessary safety information.
- Be prepared to shut down and stop operations.
- Develop plans for temporary closure of indoor facilities and cancellation of outdoor activities or camps for proper disinfection.
- Provide adequate field space for social distancing.
- Provide hand sanitizing stations and waste receptacles at fields for individual participant use.
- Develop a relationship and a dialogue with local health officials.

Coach Responsibilities:

- Ensure the health and safety of the participants.
- Masks are permitted but not required to be worn by the players during training.
- Inquire how the athletes are feeling. Send home anyone you believe acts or looks ill.
- Follow all state and local health protocols and guidelines.
- Ensure all athletes have their own individual equipment (ball, water, bag etc.)
- Ensure coach is the only person to handle equipment (e.g. cones, disk etc.); do not enlist parental or attendee assistance.
- All training should be conducted outdoors and compliant with social distancing per state or local health guidelines.
- Always wear a face mask, even when not actively coaching.
- Coaches should maintain at least 6 feet social distance requirements from players based on state and local health requirements.
- Do not use scrimmage vest or pinnies.
- Have fun, stay positive – players and parents are looking to you for leadership.

Parent Responsibilities:

- Ensure your child is healthy and check your child's temperature before activities with others.
- Consider not carpooling or very limited carpooling.
- Stay in car or adhere to minimum 6 feet social distance requirement.
- Follow the state orders for wearing a mask.
- Ensure child's clothing is washed after every training.
- Ensure all equipment (cleats, ball, shin guards etc.) are sanitized before and after every training.
- Notify your club immediately if your child becomes ill for any reason.
- Do not assist your coach with equipment before or after training.

- Be sure your child has necessary sanitizing products with them at every training.

Players Responsibilities:

- Take your temperature daily and especially before activities with others.
- Wash hands thoroughly before and after training.
- Bring and use hand sanitizer with you at every training.
- Masks are permitted but not required to be worn by the players during training.
- Do not touch or share anyone else's equipment, water, food or bags.
- Practice social distancing, place bags and equipment at least 6 feet apart.
- Wash and sanitize all equipment before and after every training.
- No group celebrations, high-5s, hugs, handshakes, fist-bumps, etc.
- Follow all CDC guidelines as well those of your local health authorities.

Insurance:

To be covered by Illinois Youth Soccer (IYSA) insurance for practice/training only during Illinois Restore Phase 3, the IYSA Member club/league must abide by the following requirements:

1. The practice must be a formal, organized practice/training, not games, by an IYSA Member club/league for IYSA Member League players only.
2. The participants including players and coaches must be registered with and have a current, valid pass from the IYSA Member League and must be on file with the IYSA.
3. The Member club/league must have a signed "IYSA Communicable Disease Release of Liability and Assumption of Risk Agreement" on file for each participant including but not limited to the players, coaches, staff, volunteers prior to the start of the first practice/training.
4. The IYSA does not provide any insurance coverage for Covid-19 related claims.
5. The practice/training must abide by all the requirements listed in the IYSA Return to Activity Protocol.
6. The IYSA Member club/league must complete and submit to the IYSA prior to its first practice/training the "IYSA Organization Communicable Disease Agreement".
7. Failure to follow the state and local government public health orders, Centers for Disease Control guidelines and IYSA protocol involving COVID-19 or any other communicable disease may void medical and liability coverage for your organization under the IYSA insurance placements.
8. IYSA continues to suspend all Tournament Passes, Travel Permits, Out-of-State Permits, sanctioned tournaments, and insurance coverage for all activities including but not limited to games, tryouts, tournaments and participation in US Youth Soccer or US Soccer Member sanctioned tournaments or games in another state even if that state is considered "open".
